Material

100% polyester – DIN 4102-B1
flame-resistant
Weight: 215 g/m²

Sizes available

Width: 60 cm and 120 cm
(laser-cut)
Height: 180 cm and 300 cm
(the drop is easy to shorten)

Special sizes available on request

Care instructions

Machine wash:

Use delicates setting, only fill with around 1/3 of a normal load, add recommended quantity of heavy-duty detergent, max. temperature 30°C, rinse but don't spin. If the panels are very dirty, we would recommend rinsing in between washes.

Chemical cleaning:

The panels can be chemically cleaned using perchloroethylene (P) following easy-care instructions.

Quality

POSSIBLE USES

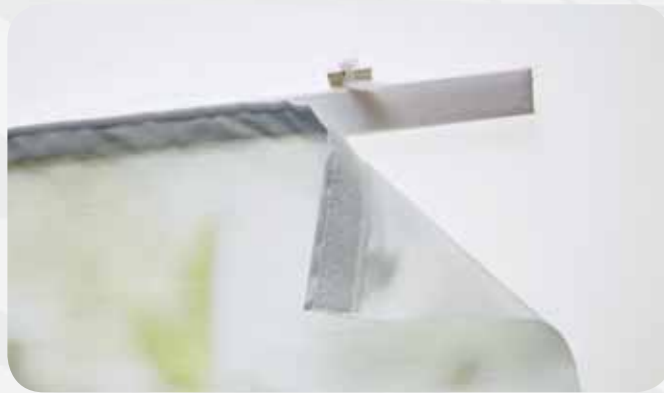

PEACE & RELAXATION

BISTROS & COFFEE SHOPS

TECHNOLOGY

Curtain panels

Curtain panel with Velcro strip and 3 swivelling sliders. Simple to attach; sliders fit on all curtain rails.

Aluminium strip

Aluminium strip with end pieces acting as load. The curtain panel can be quickly removed for easy shortening, washing and cleaning.

COLOURS AVAILABLE

Select from 18 different monotone colours; special colours are of course available too.
